

**To New Offices in Williamsburg:** Following I75 south from the Corbin area, and take Exit 15, turning left at the end of the ramp onto 25. Follow that road past a couple of schools, then across a bridge and the road takes a sharp right turn. Follow for about a mile or so until you start going down a steep hill and see a right turn lane and take that right. There'll be a green building there which is a business that deals with water services. You'll immediately go across a bridge once your turn, and see the courthouse to your right at the stop light. Our offices are the second door on the left at the stoplight. You can park on the street or around the courthouse. Street Address: 203 Main Street

## Directions

**To Lighthouse Mission Center in Pineville:** The Lighthouse Mission Center is just off 25E on Highway 119 in Pineville. Coming from Middlesboro, you'll take a right onto the bridge to Harlan. Coming from Corbin or Barbourville, you'll take a left at the bridge. There's a gas station and red light at the bridge that begins 119. You'll follow 119 about 3 or 4 miles and see a hardware store on the right just before a curve and the Lighthouse Church complex is on the left on the end of the curve. The day care and church are the first buildings on the left, and the Lighthouse Mission Center is next on the left along with a brown trailer used for Medical Missions. The Mission Center sits back from the road, so look for the brown trailer. Page Elementary School is located in the distance on a hill behind the Mission Center.

**To SCC (Somerset Community College) in London:** From I- 75 North, take exit 38 and turn right off the ramp. Go to the stoplight at McDonald's and take a right onto 25. In less than a block, you'll turn right at South Laurel High School and follow the side road that goes past the left side of the High School. SCC is behind the High School on a hill. Enter the double doors on the front left side of SCC.

From Corbin, on 25 North, take 25 into London, passing the turn for Levi Jackson State Park. At the next stoplight, turn left and go past the left side of South Laurel High School and follow the directions above.

From the Parkway, turn left onto Rt. 192 at the blinking caution light. Go to the 3<sup>rd</sup> stoplight and turn left. McDonald's is on the far left. The left turn will put you on 25, so go to South Laurel High School and turn right, following the directions above.

To get to the classroom once you enter the double doors, go straight to the end of the hallway which turns left. Turn left down that hallway until you come to the area with vending machines and Room #208 is on the left. You could also enter from the back of the building and turn right as you enter the vending machine area.

**To Mill Creek Baptist Church/Academy in Stoney Fork Just Outside of Pineville:** Take 25E to Pineville and at the second red light (coming from Barbourville or Middlesboro) turn right from Middlesboro and left from Barbourville onto 66. Go a mile or so until the road curves down a hill to the left and then turn RIGHT onto 221. Follow 221 about five or six miles and Mill Creek Baptist Church is on the right. As you turn into the parking lot, the church's gym facility will be directly in front of you. The gym is where the CPR and First Aid classes will be held. Use the door in the center of the building to enter.

**To KCEOC:** The training rooms are located inside the KCEOC complex in Gray, midway between Corbin and Barbourville on 25E. Look for the large billboard on the hill for KCEOC.

There'll be signs for the KY Crafts Village as well.

**IMPORTANT:** There will usually be a note posted on the front door to guide you. Follow the signs on the door to get to the correct meeting room.

## To Faith Temple Church:

*The church is located about half way between Pineville and Middlesboro on US25E. If coming from Pineville, it will be up on a hill to the left as you travel south towards Middlesboro.*
